

RE-REGISTRATION

We are excited to begin our 24th year offering quality Montessori education here at Montessori Visions Academy and to celebrate the growth of our Montessori family. We are honored that you have chosen us to be your partner in educating your child. Our preferred re-registration period is through March 31, 2023 for our currently enrolled students. Enrolling early allows us to prepare for the upcoming year, so anyone re-registered by 3/31/2023 will receive a \$75 discount on the \$300 re-registration fee, paying only \$225. New families that joined our school after January 1, 2023 will pay a prorated re-registration fee of \$150 if re-registered by 3/31/2023, or \$200 after. After 3/31, we will offer any remaining positions to students on our waiting list. To re-register, please fill out and sign the financial agreement below and return it to the school with the re-registration fee. Please also let us know if you have any changes to your address, email, approved pick up list, or phone number and give us copies of any updated immunization records.

Please click [here](#) for the 2023/24 financial agreement. While we always work to keep our school affordable, we have an increase in tuition this year in order to support our teachers with the recent dramatic increases in the cost of living.

Our campuses are proud to continue to offer exceptional, quality, college preparatory Montessori education at an affordable rate for students from Infants through High School. Our curriculum will continue to develop the entire person, emphasizing a balance between the child's academic learning and social/emotional growth.

At the Sunset Campus, our Infant and Toddler rooms begin at birth through toilet-trained children and our Primary program educates students age two through five. At the Warm Springs Campus our Toddler room begins at 15 months through toilet-trained children, Primary levels are the same as Sunset, our Elementary program encompasses students from 1st to 6th grade, and the Adolescent Community program begins at 7th grade with students continuing through 12th grade. We continue to offer French and Spanish Immersion or Dual Language programs for Primary level, Spanish Dual Language for the Lower Elementary level, and French and Spanish language electives for Adolescent Community.

Yearbook Reminder

Learn more [here](#). Order your yearbook by scanning QR code or clicking this [link](#)!

Special Requests

Upper Elementary Teachers would appreciate newspaper donations and volunteers on Fridays.

Lower elementary through AC are in need of parent volunteers to be Science Fair judges!
